Report of The Board of Management for 1938

The Board is pleased to report that the alterations and improvements to the buildings, sanctioned by the Trustees, are completed, and the hospital is now suitably equipped with all the modern appliances for the economical and efficient running of the institution and for the comfort of the staff.

In addition to the alterations, which were mentioned in detail in the Annual Report for 1937, it was found necessary to instal a Bacterol disinfecting plant at a cost of about a hundred pounds. The old system of disinfection by means of sulphur candles in a closed chamber had been found far from effective; and this expenditure on apparatus which would really fulfil its purpose was imperative. Unforeseen circumstances have arisen in connection with the alterations, entailing much more work and greater expense than were at first anticipated; and the Board regrets that the response to its appeal has fallen far short of requirements; in fact, less than half of the sum needed has been subscribed up to date. At least £2,000 is still required, and the Board earnestly appeals for any further help that can be given.

The conversion of two private wards into a Children's Block has provided a large and airy ward; and the removal of children from the general wards is proving a very great boon to the adult patients.

While the Board is hoping for a considerable increase in annual subscriptions, it is pleasing to note an aggregate improvement of over two hundred pounds in receipts from paying, private and maternity patients.

The House Committee has held its usual monthly meetings, and has been striving to run the hospital as economically as efficiency will permit. Several communications, either direct or through the Salop C.C. Public Health Department, have been received from the Ministry of Health. These contained general instructions and advice about Air Raid Precautions and kindred subjects. The Committee has given to these communications much anxious thought in the selection of those instructions which appear to be applicable to this particular district; and has taken every care to avoid panic expenditure. The extra cost of drugs and the increase in house-keeping expenses are chiefly due to the crisis of September, and corresponding extra supplies are still in hand. Representatives of the Board have attended lectures in

connection with A.R.P. at Quinton and elsewhere, and a course of lectures on the treatment of Air Raid casualties has been delivered to the nursing staff.

The Board was very glad to welcome the Rev. E. A. Toulouse in December as Chaplain to the Infirmary.

The Board is pleased to announce the receipt of two legacies during the past year : one of £50 from Mr. James Henry Stephens, per Lloyds Bank, through the kind thought of Mr. G. F. Abell, an old friend of this Infirmary ; and the other of £25 from Miss Mary Fisher, long resident in St. Leonard's parish.

The Board is most grateful to the Committee and Collectors of the Contributory Scheme for their continued efforts in aid of the Infirmary, and it feels that a special measure of gratitude is due to their energetic Chairman, Lt.-Colonel R. B. Otter-Barry, and to their Honorary Secretary, Mr. U. C. Brunner. It also wishes to thank the Ladies' Committee for all the work involved in the Hospital Saturday Collection and in the running of the Linen Guild. A debt of gratitude is due to Mrs. Cornfield for all the time and trouble spent on the arrangements for a Rummage Sale, which produced nearly £56. The Board wishes to express its appreciation and deep gratitude to the following for their continued generous and valuable help :—Bell & Talbot Air Gun Club ; Bridgnorth Race Committee ; Cleobury North Reading Room ; Cygnet M. and M.C. Club ; Highley Working Men's Club ; Infirmary Football Cup Committee ; the Proprietor of the Majestic Cinema.

The House Committee wishes to thank Mr. C. Bannister, of Beobridge Grange, for a large supply of seed potatoes, and all those who have so kindly sent hampers or gifts of any kind for the benefit of the patients or the staff. All such help will be most welcome. It also thanks Mr. Vickery for his generous help in attending to the clocks without charge, Mr. Carter for his kindness in tuning the piano, and Messrs. J. T. Foxall and Sons and others for a liberal supply of newspapers.

The Matron will be grateful to those who will send her used stamps or silver paper, as she is still collecting these and will receive payment for them when a certain weight has been reached. All who have given to the Matron's Ex-Patient Shilling Fund will be interested to hear that since its inception an Operating Table, an Anæsthetic Apparatus for administering oxygen, ether, chloroform and carbon dioxide, and four cots for the new Children's Ward have been provided from their contributions to this Fund.
